

Grade Three Resource Pack

Week 4

Dear Parents,

We hope that our learners are all enjoying the work we have set so far. We are really looking forward to seeing their work. We also hope that you have enjoyed the weekly challenges.

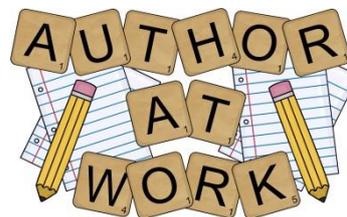

Please help your child complete the following activities. Learners must complete these activities in their Homework Books. Should your child not have his/her Homework Book at home, please complete all activities on lined paper, and keep all work in a plastic sleeve or folder. Remind your child to write a date and heading for each activity, and to rule off once he/she has completed the work for the day. All work must be handed in when learners return to school. Learners need to work neatly and must take pride in their work.

Please ensure that your child spends at least **15 minutes** per day **reading** (English and Afrikaans), **practising spelling** (English and Afrikaans) as well as **counting**.

Please focus on writing **limerick poems** this week. Writing poetry is a fun way to encourage learners to be creative; practise rhyming words and learn new vocabulary. This is also a great way to have fun as a family as you create “silly” poems together. Below are some YouTube links that explain what limerick poems are. More information is included in the work below.

Please do not hesitate to contact your child’s teacher should you require any assistance. The best method of communication, at this point, would be to email your child’s teacher directly.

Regards,

Grade Three Teachers

As a family, or on your own, write a different limerick poem about an insect each day. Choose the best one and ask your parents to email it to your class teacher.

Here are some reminders about limerick poems:

Limericks

1. Are a type of poetry
2. Have five lines
3. Are often silly

First, second and fifth lines rhyme.

Third and fourth lines also rhyme but have a different rhyming sound to the first, second and fifth line.

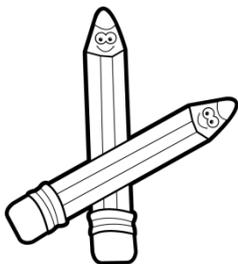

Rhyming words are two or more words that have the same or similar ending sound. Some examples of rhyming words are: goat, boat, moat, float, and coat. If they sound the same or similar, they rhyme. For example: car and bar rhyme; house and mouse rhyme.
